

## Annual Loon Census Lake Selection Table, Updated 7/16/07

- **Assigned Lakes:** Lakes that are already chosen by an observer or it is assumed that the observer from last year will be doing the Loon Census on the lake they observed on last year.
- **Random Lakes:** Lakes that were randomly chosen and would be helpful to include in the loon census – if it is not already assigned, please consider choosing a random lake!

***Note to 2007 Census Observers:*** Because of a very busy field season and a limited staff, there may be a slight delay in responding to your e-mail or phone message. We apologize for this and we will continue to try to respond to every person. If you do not hear from us by Friday, July 20<sup>th</sup>, **please conduct your observations on a lake that is not already assigned or on the lake where you observed last year.**

***Thank You Very Much, and Have a Great Day on the Water!***
