

ANNUAL LOON CENSUS LAKE SELECTION TABLE

Thank you for your interest in volunteering as a loon census observer! Please use this document to choose a lake to survey.

To prevent duplicate observations, lakes will be assigned to census observers on a first-come, first-served basis. We assume that census observers will return to the same lake surveyed last year.

If you are a past observer, please contact us if you want to change lakes, confirm your participation in this year's census, let us know that you cannot return this year, or give us a new email or mailing address.

If you are a new observer, please contact us and be prepared to let us know your name, email or address, and phone number, as well as the lake that you are interested in surveying (including county and town.)

You can reach us by phone at (518)891-8872 or you can email adkloon@wcs.org.

To choose a lake to census:

1. We encourage observers to select a lake from the **list of available Random Lakes** (the first table in this document.) Information from these pre-selected lakes allows WCS to use statistical techniques to better estimate the number of common loons in Adirondack Park. Please **contact us** to let us know which Random Lake you have selected.
2. If you want to survey a lake that is **not** an available Random Lake, check and see whether it's been assigned to someone else (in the Assigned Lake list.)
3. If the lake you're interested in **has** been assigned to someone else, please select a **different** lake.
4. If it has not been assigned to someone else, **contact us** to let us know you would like to survey it this year. Please let us know the **lake name, county, and town**.

Note: Census observers are responsible for ensuring lake access -- if the lake is privately owned, please obtain the landowner's permission before selecting it!

The Annual Loon Census is a project of the Wildlife Conservation Society Adirondack Program and is conducted in partnership with the BioDiversity Research Institute.

RANDOM LAKES THAT ARE AVAILABLE FOR MONITORING

Updated 6-16-10

| Lake Name | County | Township |
|---------------------|--------------------|-----------------------|
| AMOS LAKE | Hamilton | Arietta |
| ATWOOD LAKE | Herkimer | Ohio |
| AUSTIN POND | Warren | Johnsburg |

LAKES THAT HAVE BEEN ASSIGNED THIS YEAR

These lakes are unavailable for new sign-ups.

Please note: if you observed on one of these lakes in 2009, we assume that you will return and census the same lake again this year. Please contact us if you want to change lakes, confirm your lake, or let us know that you won't be censusing this year.
